EDUCATION

Parul University

06/2023 – 06/2027

BTech – Computer Science and Technology - CGPA: 6.7/10

Vadodara, Gujarat

COURSEWORK

- Data Structures & Algorithms
- Software Engineering
- OOPS Concept
- DBMS
- Operating Systems
- Networking
- Web Development

PROFESSIONAL SUMMARY

Computer Science Undergraduate (Expected 2027) with hands-on experience in React.js, JavaScript (ES6+), MERN Stack, REST API integration, MySQL, and responsive web application development. Built AI-powered and government service platforms with reusable React components, secure authentication, and scalable backend services. Familiar with Next.js fundamentals, Git workflows, Agile methodologies, performance optimization, accessibility best practices, and AI-assisted development tools.

PROJECTS

AlgoAdvisor [↗](#) / *HTML, CSS, Java, Spring Boot, React.js, MongoDB, JWT, DSA* 7/2026

- Developed a full-stack web platform that recommends the most suitable algorithms and data structures based on user problem descriptions using a rule-based recommendation engine.
- Implemented interactive algorithm visualizations, Java code generation, time and space complexity analysis, and algorithm comparison for enhanced learning.
- Built secure REST APIs with Spring Boot, JWT authentication, MongoDB integration, and a responsive React.js dashboard following scalable software architecture.

Digital Gov Service Platform [↗](#) / *HTML, CSS, JavaScript, React.js, Node.js, MongoDB* 11/2025

- **All in one Government Services Portal** - Built responsive and reusable React components with secure JWT-based authentication.
- Integrated REST APIs for application tracking and citizen service management.
- Implemented chatbot support and state-wise navigation to improve user accessibility..

PlaceMate AI [↗](#) / *HTML, CSS, JavaScript, React.js, Node.js, MySQL, OpenAI API* 05/2026

- **PlaceMate AI**, Built responsive user interfaces with reusable React components and REST API integration.
- Implemented secure authentication, AI chat support, mock interviews, and online assessments..
- Used Git for version control while following modular and scalable development practices.

SKILLS

- **Programming Languages:** Java, JavaScript (ES6+)
- **Frontend:** React.js, Next.js (Basics), HTML5, CSS3, Responsive Web Design
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Databases:** MongoDB, MySQL
- **Developer Tools:** VS Code, GitHub, git
- **Soft Skills:** Leadership, Adaptability, Teamwork, Communication, Problem Solving
- **Concepts:** OOP, DBMS, DSA, Agile, Performance Optimization, Secure Coding

CERTIFICATIONS

- **NPTEL, Computer Networks And Internet Protocol** 06/2025
- **AWS Academy Graduate - Cloud Foundations** 08/2025
